AT SEATTLE'S SOUTHPORT

Our Charity:

Strong4Sam is a non-profit organization dedicated to creating community awareness and raising funds for innovative research to discover more effective and less toxic therapies for pediatric cancers.

The Taylor Family started the **Strong4Sam** Foundation in 2015 after their son was diagnosed with an inoperable brain tumor. All funds raised go to support **Project Violet**, a research program at Fred Hutchinson Cancer Research Center, started by Sam's oncologist, Dr. Jim Olson. The **Project Violet** team researches natural defenses of plants and animals to develop new anti-cancer compounds called optides that are engineered to attack cancer cells without harming healthy cells around them.

"You never know how strong you are until strong is your only choice."
Bob Marley

I am

I am strong and determined
I wonder about my future
I hear a crowd of cheering people
I see a world without disease
I am strong and determined
I pretend to be like everyone else
I feel passionate
I touch others hearts

I worry about the results
I cry when I see others in pain
I am strong and determined
I understand things could be worse
I say things happen for a reason
I dream about a pain free life
I try to stay positive
I hope to make a difference
I am strong and determined

-Sam Taylor
